**Solidor®**

Leading the way in secure composite doors

# Introduction

The Solidor Collection is an outstanding range of industry leading, solid timber core composite doors. Each Solidor exceeds building regulation requirements and combines traditional and contemporary styling with a full range of Secured by Design locking which provides a stunning, high quality and secure entrance to any home.

With a thickness of 48mm, a Solidor door is nearly 10% thicker than most alternatives. Each unique solid timber core is completely encapsulated within a highly durable plastic edge banding and two thermo plastic door skins. This means that your customer will never have to worry about painting or varnishing their Solidor.

These doors are exclusively available in the widest range of styles and frame colour options, (24 colours available, please see page 8) with the option of a mobility threshold, making it the perfect solution for easy wheel or push chair access. We offer a comprehensive range of matching coloured frames, that are available with either glass, composite side panel or quarter panel to complement the look of any property.

Solidor composite doors are manufactured to the highest standards. We hold BSI Kite mark accreditation BSI ISO 9001 for quality management, BSI EN1279 for insulating glass units.

We are also PAS24:2016 certified, hold CE Marking and Secured by design licences, and are members of the prestigious GGF and Association of Composite Door Manufacturers.

# Choosing Solidor®

**We understand that knowing your home and family are protected is a major factor when choosing a new door.**

You can rest assured that with our door construction, coupled with our unique, reinforced door frame and Secured by Design locking systems, your home will be as safe as can be when you choose Solidor.

## A typical foam filled door construction

**40mm Foam Filled Centre** performs thermally, but because this is a foam fill it is neither solid, nor secure.

**Visible Edge Banding** as a result you will often see a different coloured line running the length of the door.

**Gel Coated GRP Outer Skin** may offer protection but can be easily cut through. Also, because every door is a white blank that is surface painted they show scratches very easily.

**3 Chamber Profile** which use valuable steel or aluminium reinforcements. Also, you should check if they are lead free.

## Solidor's unique solid timber construction

**44mm Solid Timber Core (48mm including skin)** that is thermally efficient and extremely secure.

**Hidden Edge Banding** so the front of your door remains a solid, glorious slab of colour.

**'Through' Colour ABS Skins** made from the same durable plastic as Lego®. Also, because the entire skin is made of a solid colour, any scratches are practically hidden.

**Lead Free, 5 Chamber Profile** which uses 100% recycled reinforcing. Generally, the more chambers that a profile uses, the stronger and more thermally efficient they are.

**Wood Grain Effect Skin** that gives all of the aesthetics of timber, but without the time consuming maintenance.

# Reasons to feel Safe & Secure

You can rest assured that with our door construction, coupled with our unique, reinforced door frame and Secured by Design locking systems, your property will be as safe as can be when you choose Solidor.

## 48mm Solid Timber Core

At Solidor, security and safety are amongst our highest priorities. Sadly a property is burgled in the UK every minute, but our 48mm\* thick solid timber core gives you the strongest and most secure option available in a residential door.

\*44mm Solid Timber Core  
(48mm including skin)

## The highest Standard of Cylinder

You will be glad to know that as standard, our high security cylinder, features anti-pick, anti-drill, anti-bump and anti-snap technology. Protecting you and your home.

## Avantis Multi-point Locking

As standard we fit our exclusive Avantis Secured by design locking systems. With larger hooks for added strength.

*Different locking systems we offer :*

- Avantis multi-point lock
- Standard slam shut auto lock
- Heritage slam shut lock
- Key operated multi
- AV3 mech lock

## Lock Options

### The Largest Deadbolt in the UK!

On lever handle doors we fit our Avantis Secured by Design lock. This has the industry's largest 25.4mm deadbolt for added security.

It also has built in compression and dampeners to give the smoothest operation on the market.

### Automatic AV2 Mech Lock

The automatic AV2 mechanical lock operates as a slam secure lock as soon as the door is closed.

AV2-B allows home owners to unlock the door from a distance using a remote control device. (Only available with a lever/lever handle)

AV2-E is our electronic locking system which incorporates a 12v electric motor, causing the mechanism to withdraw the hooks and latch. The motor can be powered by a door entry system of the homeowners choice (door entry system to be sourced separately).

### Automatic AV3 Mech Lock

The new autoLock AV3 automatic multi-point locking system has a magnetic trigger in the frame. Two self-locking sturdy hooks provide security and two sealing elements ensure correct closure.

A daytime release function is integrated as standard with easy one-handed operation or motorised release.

## Ultion £2000 Guarantee

Every Solidor is fitted with Ultion as standard that means if an intruder breaks into your home as a result of snapping your Ultion cylinder lock, Ultion will pay £2000.

£2000  
GUARANTEE

## Lock Positioning

### Standard Slam Shut Auto lock

The Slam Shut lock is an automatic multi-point locking system. It features two self-locking hooks to provide additional security and two sealing elements ensure correct closure.

### Heritage Slam Shut Lock

The aesthetics of a traditional rim latch, but incorporates the latest high security slam shut technology. The lock automatically engages as the door closes.

### Key Operated Multi-Point Lock

Customers who do not want handles can upgrade to our key operated multi-point lock.

## Supreme Security Accreditations

# A Colourful Entrance

## Luxury Range

We offer the **largest** range of colours from stock in the UK.

Choose from **24 colours** for the inside and / or the outside of your door. You also have 9 frame colour options to choose from. When selecting your colour from this guide please be aware we advise you to ask for a colour swatch to check both colour and grain structure.

\* Available as a matching frame option

▲ Frame option for Painswick, white internal only

## Premium Range

## Standard Range

Please note that all RAL colours are LAB matched and a slight difference in colour can occur. If you are matching paint to one of our doors it is advised that you ask for a colour swatch.

\*Due to the limitations of the lithographic printing process, colour samples may not be an exact match to actual doors.

# THE Italia Collection

The Italia collection from Solidor is a new generation of truly contemporary designs which will add a touch of style to your home. Carefully designed and crafted from the finest materials, every door in the Italia collection has a definite style inspired by the Italian passion for design.

Each door is handmade in Staffordshire, ensuring the finished product is of an outstanding quality and made as individual as can be. Choose from a range of glass styles and door furniture which have been carefully chosen with the latest fashion and designs in mind. All of the doors in the Italia Collection are also available with Warwick Glass - hand made so no two pieces are ever the same.

# Milano

*Inspired by the greats of Italian design. The Milano is a luxurious addition to the Italia collection, offering a sophisticated, contemporary feel to any property.*

The textured grain, linear design and off-set modernist glazing style, paired with contemporary accessories elevates the Milano as a door style which encompasses quality and aesthetic appeal.

## Pilkington Texture Glass Warwick™

This design is unique amongst our patterns because it is produced using a different manufacturing method. Pilkington Texture Glass Warwick™ is a random pattern that is added along the central portion of the pane and this has implications when cutting the glass down into finished sizes. It is possible, if a pane is small enough, it could be cut with no evidence of the pattern at all.

None of the Pilkington patterns are designed to have an orientation (an up side) but care needs to be taken with adjacent panes that the pattern direction is maintained. There is a linear nature to Pilkington Texture Glass Warwick™ and so householders should be aware that there could be aesthetic implications when choosing this design. Also, for the glass supplier the result may be that this pattern is less accommodating when cutting and may result in a greater proportion of seldge from the original glass plate.

# THE Traditional Collection

The Traditional collection from Solidor, brings classic designs into the modern era. Each door design is suited to both traditional and modern properties alike, and will add a touch of elegance to every home.

# Ludlow

Colour - Painswick  
Glass - London Etch

*The Ludlow is Solidor's most popular style of composite door.*

It's perfectly suited to both rich colours such as red and traditional woodgrain effects such as rosewood. The two glazed panels can help shape the visual appearance of the overall door with options ranging from the traditional diamond to the more contemporary abstract. There's also the option of a solid door, which looks great in Irish Oak.

*The Conway is a highly versatile composite door solution.*

This door can be designed as a completely solid door, or with just the top fanlight glazed or even with a fully glazed design to take account of the vast array of glass options. The square or quad glass options can be manufactured in grey, black and red colours for added elegance. Our advice is to also choose a bold door knocker for this design!

Glass - Trio Square (Green)

*Doors from the Flint Cottage Range are the perfect fit for British cottages.*

It's fast becoming the number one choice for homeowners with cottages, farmhouses or for those looking for a side door option, thanks to its vertical panelled appearance. We have also added a contemporary twist to the design with the introduction of single or triple diamond shaped glass features to broaden its appearance. It's also proving a great option as a stable door.

## IDEA

Use wall spaces to display an alternative classic letterbox, in a style to complement your door.

*TIP: Make a statement and frame the doorway with a walled path for a truly grand entrance!*

# Classic

British design

# Ludlow

With a truly natural looking woodgrain effect, our classic British door designs are *timeless*.

## Achieve an authentic Victorian look with the Ludlow, fast becoming **Britain's most popular door.**

With simple clean lines, the Ludlow has the power to create either a modern or a traditional entrance for your home. Available as a solid door for added privacy, or with two glazed panels, the Ludlow combines classic Victorian design with modern materials. Either option will create a polished and sophisticated entry.

### ▼ *Lighten it up*

Open up your front entry with glazed panels on both sides of your door. They will flood your hallway with light, make your entry seem larger, and enhance your home's architectural style.

### ◀ *All in the detail*

Our elegantly shaped handles and accessories in sleek chrome suit this Ludlow perfectly.

Visit [www.solidor.co.uk/accessories](http://www.solidor.co.uk/accessories) to view our range of hardware

### ▲ *Back to basics*

Keep it simple by adding ornate planters either side of the door or a hard wearing welcome mat - enough to complete the subtle look in smaller spaces.

## Which Colour?

Choose Schwarzbraun with stained glass and traditional door furniture to retain the door's original Victorian charm, or give it a contemporary edge by opting for French Grey with polished chrome accessories.

**Choose your colour from our new and updated range on page 8 →→**

# French Doors

All of our designs, in all of our colours are available in a French Door option, with a range of handle options, encompassing a high security, adjustable, multipoint locking system.

Available as inward or outward opening doors. Because our French door range is so vast, please contact us for the minimum and maximum sizes before you order your set.

NOTE: Available with UPVC and aluminium threshold on inward opening sets, and UPVC only on outward opening sets.

Flush, integrated two way lever, which throws the shootbolts and removes the need for a lever handle and cylinder to give the option to use our Italia Collection handles on both leaves, alternatively, go for lever operated!

Standard option is both doors to be lever handle operated.

# Stable Doors

Did you know that the majority of our Traditional Collection and a selection of our Italia Collection door styles can be available as (open in only) stable doors? With the choice of any colour from our range available on any side, contact us for more details today!

All of our stable doors come with a high security, fully adjustable multi-point locking system. They are also keyed alike, benefit from an internal thumb turn cylinder on the top and bottom half and have a latching security bolt as standard.
